Navigation tips

A navigation icon appears in the telephone display to indicate that you can scroll to more options or information. Use the right and left navigation arrows to go to other screens or to move the cursor right or left when entering text. When you scroll to a line on the display, that line is selected.

The softkey labels change according to the options available for the line you select. The **OK** button is a shortcut for the default action. For example, when you select an entry in your contacts list, pressing the **OK** button places a call to that person.
